Ecovert FM is the facilities management arm of the Bouygues group in the UK. We operate large scale contracts in a range of public and private sector markets, many of which are as a result of a successful partnership with our construction sister company, Bouygues UK.

Home Office Senior Operations Manager, Property Services

This is an excellent opportunity for an experienced and successful manager to join us on this prestigious PFI contract to define the strategy and lead the property services team to deliver a best in class service and deputise for the General Manager.

You will be responsible for all operational staff, budgets and performance of the mechanical, electrical, energy controls, building controls, plumbing, health and safety, building fabric, project services and energy management within the contract. The ideal candidate will manage and develop all property services on site, to company standards and meeting contract requirements, providing high quality services to the client, occupants and visitors. You will also have experience of managing soft services, ideally within a government environment, at an exceptional level of service delivery.

Excellent people management skills are essential to enable you to manage, motivate and develop the team as well as maintain a close liaison with the Client. You must be able to demonstrate commitment to continuous improvement and customer satisfaction. You will work collaboratively with peers across neighbouring contracts to develop the Ecovert FM offering in property services. Driven by results, you will have a good understanding of the commercial aspects of a PFI contract as you will formulate and control budgets, as well as estimate and price additional works; experience in the use of management indicators and BMS is also essential.

In return, we offer an attractive salary and benefits package based on the skills and experience you can bring to the role.

Employment in this post is dependent upon obtaining security clearance, which requires 5 years UK residency.
